Dr. Thitipong Panthum

h-index: **15 (Google Scholar; as of 11 March 2026)**

14 (Scopus; as of 11 March 2026)

Email: thitipong.pant@ku.ac.th Tel: +669-2432-5578

Education

Degree	Year Completed	Institution & Country
Ph.D. (Bioscience, International Program)	2023	Kasetsart University, Thailand
M.Sc. (Genetics)	2021	Kasetsart University, Thailand
B.Sc. (Biology), Second Class Honours	2018	Ubon Ratchathani University, Thailand

Expertise

- Animal Comparative Genomics
- Cytogenetics and Molecular Cytogenetics of Animals
- Bioinformatics
- Integration of Biology

Work & Research Experience

Years	Position	Responsibilities
2026	Guest lectuer	Biology program, Faculty of science and technology, Raden Fatah State Islamic University (UIN)
2025–present	Researcher / Faculty	Conduct research and teach in the Bioscience (International Program) at graduate and postgraduate levels
2025–2026	Research Collaborator	Contributed to the "Pathum Thani Model: Upgrading Catfish Farming to Social Integrated Enterprise for Sustainable Local Economy" (NSTDA)
2024–2026	Research Collaborator	Participated in "Enhancing Competitive Capacity of Catfish Aquaculture Systems through Innovation and Technology Transfer" (BPK)
2023–2026	Research Assistant	Participated in the "High-Potential Research Group Program 2023" on improving breeding of catfish species (Clarias spp.) to enhance production and sustainable aquaculture (Project Code N42A660605)

Years	Position	Responsibilities
2023–2024	Visiting Researcher	Conducted in silico chromosome mapping research on catfish at University of Porto, Portugal
2021–2022	Research Collaborator	Analyzed genetic diversity of Swinhoe's pheasant (*Syrmaticus humiae*) for sustainable conservation in Thailand (Project Code 110806)
2021–2022	Research Collaborator	Assisted in sustainable farming and product development of local pheasant species for food security in Mae Fah Luang District, Chiang Rai (Project Code 920426)

Scholarships and Research Grants

- **ThaiSC Voucher Program 69 (Phase 1)** – Early Career Researcher Support Grant. A program promoting the use of High-Performance Computing (HPC) resources through a voucher-based scheme to enhance research and development capacity in Thai academia and industry.
- **Preproposal Research Fund (PRF) 2026** – Faculty of Science, Kasetsart University.
- **Early Career Researcher Development Grant 2026** – from the National Research Council of Thailand (NRCT).
- **Postdoctoral Fellowship Program 2024** – Kasetsart University.
- **Thailand Science Research and Innovation Grant through the Kasetsart University Reinventing University Program, 2021.**
- **High-Quality Graduate Research Development Program in Science and Technology** under the collaboration between Kasetsart University and National Science and Technology Development Agency (NSTDA).
- **ASEAN–India Research Training Fellowship (AI-RTF), 2019.**
- **Graduate Study Scholarship** for International Publication of Thesis Research.

Awards

- **Outstanding Thesis Award in Agriculture and Biology (2024)** from the National Research Council of Thailand (NRCT).
- **Distinguished Doctoral Graduate Award**, Academic Year 2023, Kasetsart University.
- **1st Runner-Up Award, Oral Presentation (Biology)** at the Northeastern Science and Technology Conference 2018 (NESTC 2018).

Conferences & International Research Experience

1. Annual Meeting of The Society for Molecular Biology & Evolution, 2025, Beijing, China (20–24 July 2025)
2. Africa-Asia 3 ConFest 2025, Université Cheikh Anta Diop (UCAD), Dakar, Senegal (11–14 June 2025)
3. International Conference of the Genetics Society of Thailand (iGST) 2024 "Genetics in Genomic Era," Naresuan University, Thailand (31 May – 1 June 2024)
4. 7th International Conference of the Asian Society of Ichthyologists, Penang, Malaysia (28–29 May 2024)
5. International Poultry Congress 2024, Bursa Uludag University, Prof. Dr. Mete Cengiz Cultural Center, Turkey (8–11 May 2024)
6. 27th IUCN SSC Crocodile Specialist Group Conference, Darwin, Northern Territory, Australia (14–20 April 2024)
7. STT49: "SDGs for The Benefit of Mankind," Prince of Songkla University, Thailand (23–25 January 2024)
8. 35th Annual Meeting of the Thai Society for Biotechnology & International Conference (TSB 2023), Nakhon Ratchasima, Thailand (26–29 November 2023)
9. 19th International Elephant Conservation & Research Symposium (IEF2023), Chiang Mai, Thailand (14–17 November 2023)
10. 31st SEAZA Conference, Grand Baron Hotel, Taiping, Perak, Malaysia (5–8 November 2023)
11. 3rd International Conference on Biodiversity and Climate Change (IConBaCC2023) – Virtual Conference (12 October 2023)
12. 8th Asia-Pacific Chromosome Colloquium (APCC8), Tekirdag Namik Kemal University, Tekirdag, Turkey (18–21 September 2023)
13. International Food Animal Conference (IFAC2023), Vietnam (30 August – 1

September 2023)
14. International Seminar between Hokkaido University and Kasetsart University, Sapporo, Hokkaido, Japan (21 August 2023)
15. 12th ISRPF Conference, Crete, Greece (15–19 May 2023)
16. Instructor: Workshop "A Window on Species Identification and Biodiversity: DNA Barcoding," Faculty of Environmental Science, National University of Laos, Vientiane, Laos PDR (28–30 March 2023)
17. Reinventing University Program, Kasetsart University – University of Porto, Portugal (Outbound Student Exchange, 4 months)
18. 5th RENCONTRES de Quy Nhon: International Biology Conference 2022, Quy Nhon, Vietnam (17–19 August 2022)

Training & Workshops (NRIIS Reference)

Date	Training/Workshop	Organizer	Venue	Details
12 July – 16 Aug 2025	Essentials in Biosafety and Biosecurity for BSL-2	Faculty of Science, Mahidol University	Online & MDL1 Multipurpose Lab, Faculty of Science, Mahidol University, Phayathai, Thailand	Fundamentals of biosafety and biosecurity for BSL-2 laboratories
6 June 2025	Workshop on Practical Tools for GWAS in Crop Improvement	Rice Science Center, Kasetsart University, Kamphaeng Saen Campus	Kasetsart University, Kamphaeng Saen, Nakhon Pathom, Thailand	Topics included: 1) Introduction to R, 2) Phylogenetic tree, 3) Population structure, 4) GWAS analysis
2–4 Oct 2024	Genomics for Plant Breeding	Institute of Molecular Biosciences, Mahidol University	Mahidol University, Thailand	Topics included: QTL mapping, heritability and genetic variation, biparental/multiparental QTL mapping, epistasis, GWAS, genomics and bioinformatics for plant breeding, NGS, bioinformatics tools & databases
10–11 June 2024	Genomic Methods and Analysis Workshop: Mitogenomics, Metagenomics, and Population Genomics	AGB Research Unit, Faculty of Science, Kasetsart University	Room 308, 3rd Floor, SC 45 Building, Faculty of Science, Kasetsart University	Workshop on genomic analysis techniques
28–29	Laboratory Safety Standard	Research Standards & Animal Facility,	Online	Lab safety standard enhancement workshop

Date	Training/Workshop	Organizer	Venue	Details
Feb 2024	Enhancement Workshop (2/2567)	Institute for Research and Development, Kasetsart University		
26–29 Apr 2022	Workshop on Statistics and Research Planning Using Animals	National Research Council of Thailand (NRCT) via Institute for the Promotion of Teaching Science & Technology Using Animals (IPTSTA)	Zoom Video Conference	Training on statistics and planning for animal-based research (65 participants)
10–11 Sep 2020	Workshop "Applicants for Animal Use License in Scientific Research" (30-2-2563)	National Research Council of Thailand (NRCT) via IPTSTA	Grand Ballroom, 2nd Floor, Maruay Garden Hotel, Thailand	Training for obtaining animal use license for scientific research; License No.: U1-09068-2563
